

Student Service Agreement

Between you and Orbuni — read before you pay

myorbuni.com · September 2026

In one paragraph

You apply for free. When a university sends you an offer letter, you choose Standard, Plus or Premier and pay Orbuni's service fee for it, on Whop. Tuition always goes straight to the university. We cannot promise admission or a visa, because those decisions are not ours. Our team starts working for you the day you pay, so if the service cannot be completed, or you stop, part of the fee comes back: 10% on Standard, 20% on Plus and 30–40% on Premier. If your visa is refused you choose: take that refund, or carry your file over to the next intake for free.

1. Who this agreement is between

This agreement is between you (the student, or the parent or sponsor paying for the student) and **Orbuni**, a partnership of Nurudeen Muhammad Abdulkareem and Godfrey Emmanuel Wudaba, operating from Istanbul, Türkiye, at myorbuni.com ("Orbuni", "we", "us"). Payments are processed for us by Whop, which appears on your statement.

2. When you pay

- **Applying is free.** Creating an account, choosing programmes and submitting applications cost nothing.
- **The service fee is due only after a university sends you an offer letter**, when you choose a package.
- You pay once. Premier can also be paid in **two equal parts, 30 days apart**; the second part is taken automatically from the same payment method, and then payments stop.
- Any cashback you earned in Challenges is taken off before you pay.

3. What each package includes

Standard — \$800. University and programme selection; application preparation and submission; every document checked before it is sent; every update from submission to offer letter; acceptance steps after your offer; a named Orbuni counsellor.

Plus — \$1,650. Everything in Standard, plus visa assistance (what to prepare and how to apply — Orbuni is not a visa agent), airport pickup when you land in Türkiye, and arrival help in your first days.

Premier — \$2,650 (or 2 × \$1,325). Everything in Plus, plus a trusted visa agent in your own country, escort from the airport to your university for registration, an Orbuni agent with you for up to 2 days after you arrive, residence-permit (ikamet) application support, and help with local registrations.

Extra services. Any package can add extra services from your portal at any time — for example airport pickup (\$150) or an escort from the airport to your university for registration (\$200). You book the date, pay on the same page, and see who is coming for you.

4. What is not included

- **University tuition and deposits.** These are paid by you directly to the university, into the university's own account, with the university's own receipt. Never to Orbuni and never to a person.
- **Government fees** — visa, residence permit, translations and notarisation, insurance.
- Flights, rent and living costs.

5. What we cannot promise

- **Admission** is decided by the university.
- **A visa** is decided by the consulate or immigration authority.
- **A scholarship band** is only certain once the university confirms it to you in writing.

We promise a process, honest advice and the work described in section 3.

6. Refunds

Our team starts working for you on the day you pay — choosing universities, checking documents, preparing your files — so the service fee is never refunded in full. When a refund is due, this is the share of the fee you paid that comes back:

- **Standard (\$800): 10%** — \$80.
- **Plus (\$1,650): 20%** — \$330.
- **Premier (\$2,650): 30% to 40%** — \$795 to \$1,060. The team sets the exact share from the Premier services already delivered: the more that has been done for you (for example housing arranged or a visa agent already working on your file), the closer it is to 30%. We tell you the figure and the reason in writing.

When a refund is due

- Orbuni cannot complete the service you paid for — for example, your visa is refused.
- You decide to stop before the service is complete.

If your visa is refused, you choose. Take the refund above, or keep your file open and we carry your service over to the next intake (usually the next academic year) at no extra fee. If you carry it over and later decide to stop, the same refund still applies.

Extra services (airport pickup, escort to your university and similar) are refunded in full if you cancel at least 48 hours before the booked time, and not after the service has taken place.

No refund is due once the service you paid for has been delivered (you are registered at your university), if we stop because a document you gave us was forged or altered, or if you stop

replying for 60 days in a row.

- Tuition and deposits paid to a university are refunded only on that university's own terms; we will tell you what they are before you pay and help you claim.
- Ask for a refund by writing to **hello@myorbuni.com** with the subject "Refund". We answer within 5 working days; an approved refund goes back through Whop to the payment method you used.

7. What we need from you

- Genuine documents and true information. A forged or altered document ends the service immediately.
- Replies in time. University and visa deadlines are not ours to extend.
- Using the Orbuni portal for documents — never WhatsApp.

8. Your information

We use your details and documents only to deliver this service, as described in our privacy notice. Partner agencies who referred you can see your application status, never your documents.

9. Problems and disputes

Tell us first at hello@myorbuni.com with "Complaint" in the subject — we reply in writing within 5 working days. Please contact us before opening a dispute with your bank or Whop; most problems are fixed faster that way. This agreement is governed by Turkish law, without removing any protection your own country's consumer law gives you.

10. How you accept

You accept this agreement by ticking the box before paying and typing your full name at checkout. We keep a record of the version, date, time, your name and email. You can read this agreement at any time at myorbuni.com/#agreement, and ask us for a copy.
