

REQUIRED DOCUMENTS

PhD — what to have ready

Doctoral programmes in Türkiye and Northern Cyprus. Gather these before you start your application — clear scans or phone photos are enough to begin. Orbuni checks every document before anything is sent.

YOU NEED THESE**Required**

- 1 International passport**
The photo (bio-data) page, valid for at least 6 more months — 18 months is safer for the student visa.
- 2 Master's certificate and transcript**
Degree certificate (or statement of result) and full transcript, signed and stamped.
- 3 Bachelor's certificate and transcript**
Your first degree too — doctoral programmes check both.
- 4 Research proposal**
Two to five pages: the question, why it matters, how you'll study it. We tell you each university's format.
- 5 CV**
Education, research, publications if any, work experience.
- 6 Two recommendation letters**
From academics who know your work — ideally your master's supervisor.
- 7 Passport photograph**
Recent, colour, plain white background.

SOMETIMES ASKED**If you have it**

- 8 English proficiency**
IELTS, TOEFL or Duolingo, or a letter confirming your degrees were taught in English.
- 9 Publications or thesis abstract**
Not required, but they make a strong application stronger.

Clear and complete

Colour scans or bright phone photos, all four corners visible. PDF or JPG.

Names must match

The name on every document should match your passport exactly. If not, tell us — we'll guide you.

Not in English?

Add a certified English translation next to the original.

No originals yet

Don't post anything. Originals are only needed later, for the visa and registration.

Ready? Start your application.

Create your Orbuni account, upload these in your portal, and your counsellor takes it from there.
